WHEREAS, the United States Surgeon General has concluded that involuntary smoking is a cause of disease, including lung cancer, in non-smokers; and

WHEREAS, the United States Environmental Protection Agency has released its report on the harmful effects of secondhand smoke and the critical need for regulations to protect the non-smokers health; and

WHEREAS, the Environmental Protection Agency has labeled secondhand smoke a Class A carcinogen which is EPA's most dangerous category of cancer causing substances; and

WHEREAS, the simple separation of smokers and non-smokers within the same air space may reduce, but does not eliminate, the exposure of non-smokers to environmental tobacco smoke; and

WHEREAS, the City Council of the City of Hartselle, Alabama, finds that it is necessary to prohibit smoking in certain buildings to protect the public safety, health and welfare of its citizens and its employees.

BE IT ORDAINED by the City Council of the City of Hartselle, Alabama, as follows:
